Clinical Trials Denmark

# The Danish Clinical Research Ecosystem - Trial Nation Network

Marianne Pilgaard  
CEO Trial Nation

# Denmark

- ♥ 5,8 million people
- ♥ Outstanding clinical competencies
- ♥ Extensive, saturated, longitudinal (health) data
- ♥ "Central Person Register" Unique 10 digit identifier linked to each individual – since 1968
- ♥ CPR linked EMR system - from cradle to grave
- ♥ 160 additional CPR linked health registries
- ♥ National biobank w/ 22mio CPR linked samples

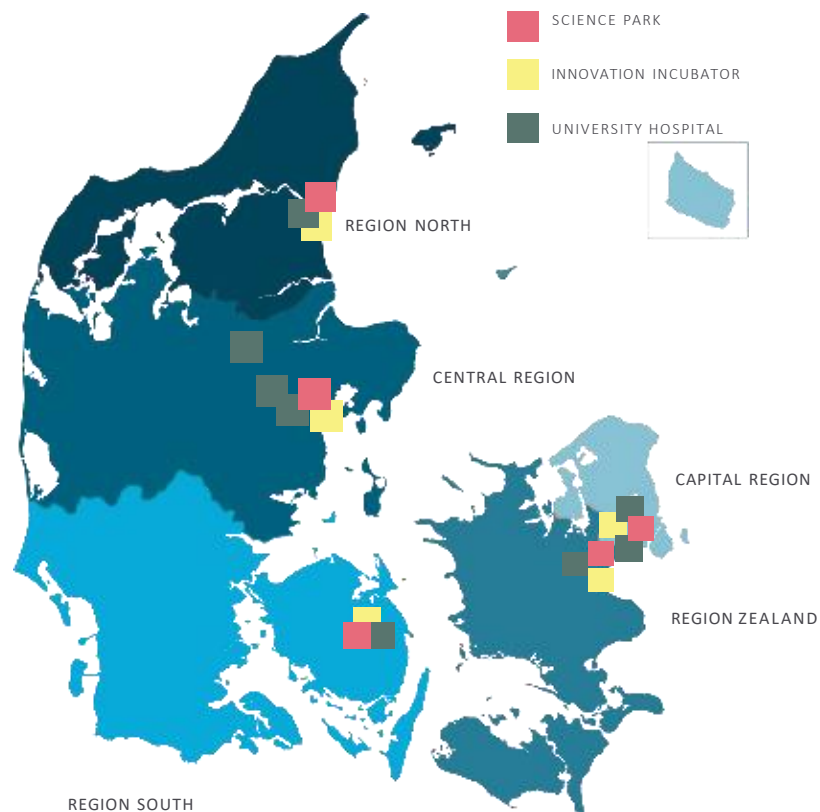

# Trial Nation

A Danish publically funded non-profit political initiative  
**pursuing the benefits of clinical trials**

We relay stakeholder perspectives and  
**connect business with clinics**

**Our services are free of charge**

# Trial Nation is a single entry point to clinical trials in Denmark

- University Hospitals with trial infrastructure in place
- Highly skilled hospital staff
- Central health registries allow detailed patient follow-up
- Use of precision medicine (genomic profiling to allocate patients to trials)
- National set-up available
- Easy access to clinical trial authorities

**DANISH NATIONAL  
GENOME CENTER**

**Trial Nation**  
Clinical Trials Denmark

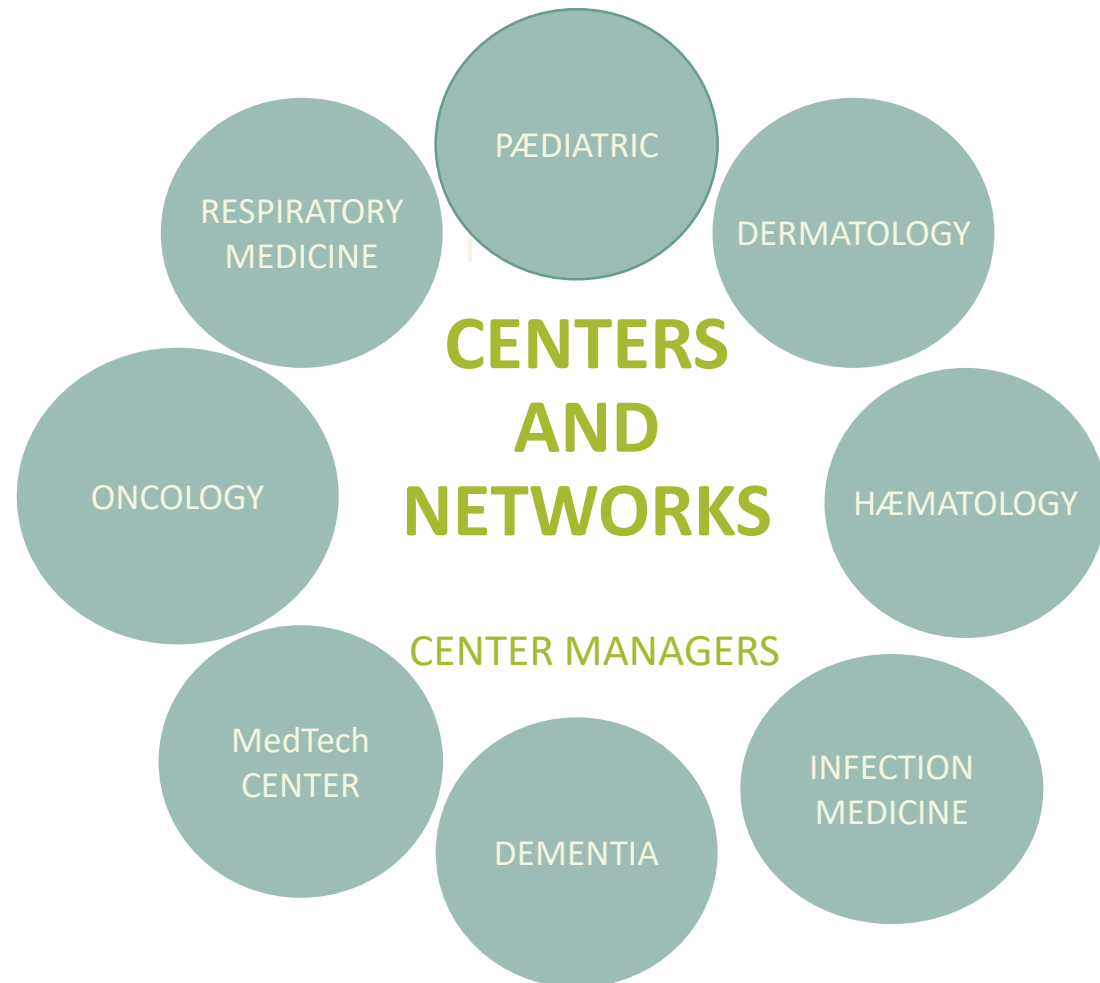

1. Children and young people with cancer (up to 18 years) and hereditary cancer
2. Hereditary haematological diseases, including children and young people with unresolved cytopenia (patients with blood diseases, e.g. leukaemia)
3. Endocrinological patients (e.g. patients with diabetes, goitre and metabolic diseases etc.)
4. Primary immune deficiency diseases (e.g. patients, who suffer from recurrent infections)
5. Hereditary heart diseases
6. Psychiatry (Children and young people)
7. Kidney failure
8. Rare diseases in adults
9. Neurogenetic patients (e.g. patients who suffer from paralysis)
10. Haematological cancer (e.g. lymphoma)
11. Fetal medicine (e.g. fetal diagnostics)
12. Incurable cancer

# Trial Nation

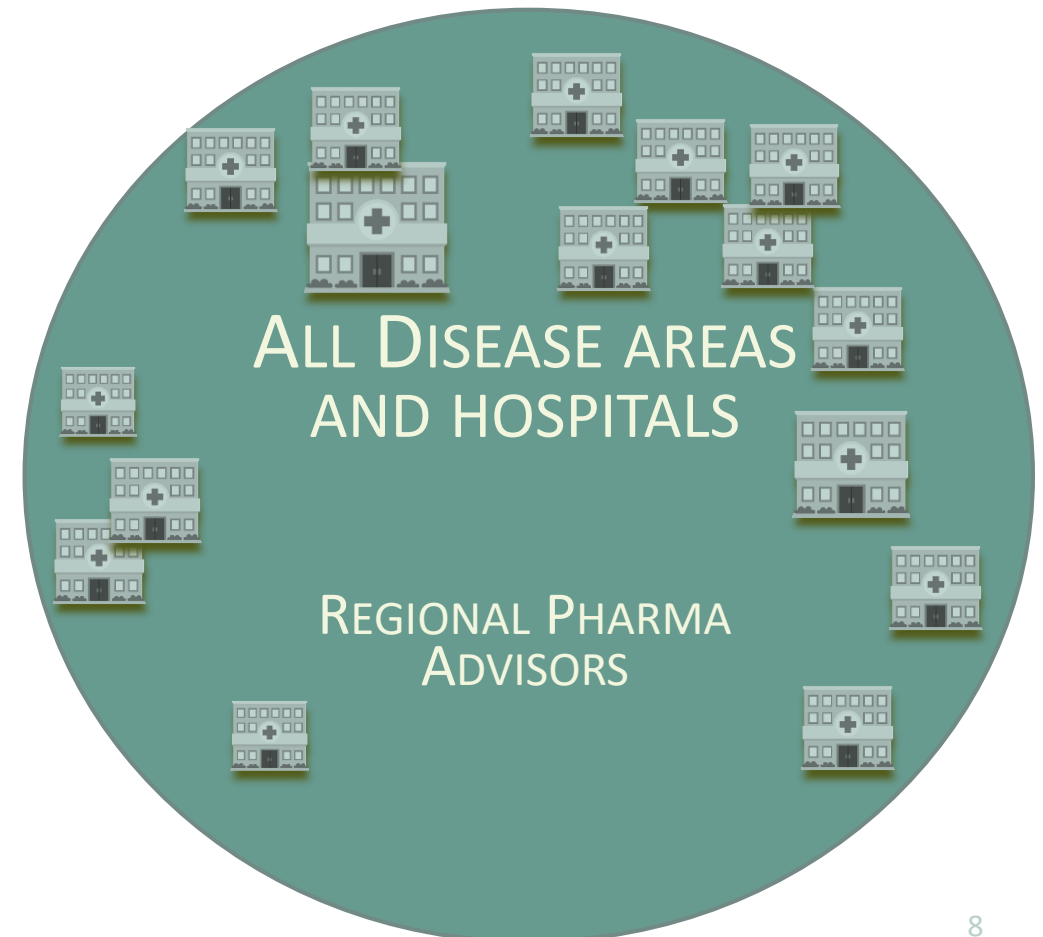

We relay feasibilities within all disease areas to  
**all Danish Clinical Trial Units**

We support clinical trial infrastructure in ~40  
**Clinical Trial Units across Denmark**

# Centers and Network

## Other disease areas

# Selected Trial Nation services

## Stakeholder dialogues

- Trial Nation hosts regular partner meetings
- CRO network established in 2017 (~20 members)
